Petition to Preserve Malaekahana and Gunstock Ranch Agricultural Lands and Adhere to the Koʻolauloa Sustainable Communities Plan.

As a resident of Oʻahu, I am opposed to the "Envision Laʻie" proposal to develop over 1200 residential dwellings, large shopping centers, and mass suburban sprawl on zoned agricultural land at Gunstock Ranch. I believe it would further destroy the natural resources, boundaries, country character, scenic beauty, and the rural atmosphere of the entire region. The "Envision Laʻie" development does not follow the mandates of the Koʻolauloa Communities Sustainability Plan, which is designed to preserve the rural character of the region and maintain clear boundaries between existing communities. A major development in the Koʻolauloa area would deeply impact the entire island, diminish the open spaces of our recreational, cultural, and agricultural lands, while creating enormous problems such as waste management, water supply, traffic, and affordability in the local community.

Therefore, I urge the Koʻolauloa Neighborhood Board, the Laʻie Community Association, the Public Advisory Committee, City Council, and the City and County Department of Planning and Permitting to protect and preserve Gunstock Ranch and the Malaekahana region, and deny HRI's request for an exemption ("amendment") to the Sustainable Communities Plan.
