KUILIMA RESORT EXPANSION

Koolauloa District
Oahu, Hawaii

Portions of Tax Map Key: 1st Division
5-6-03, 5-7-01, 5-7-03 and 5-7-06

7 October 1985

GROUP 70 • Architects • Planners • Interior Designers • 924 Bethel Street • Honolulu, Hawaii 96813 • Phone (808) 533-4445

ERRATA SHEET

Page 1, Paragraph 5, should read as follows:

The major physical features within the project have been identified as being Kawela Bay, the primary sand dunes near Kahuku Point and Punahoolapa Marsh. To enhance the attractiveness of Kawela Bay to users, the applicant is proposing to remove the sediments from the bottom of the southeastern portion of the bay. The applicant also proposes to divert a major portion of the Kawela Stream runoff into Turtle Bay through the West Main Drain, thereby eliminating the environmental stress caused by periodic stream discharge during major storms.
